WHAT IS BLOCKCHAIN REAL ESTATE

Blockchain real estate investing is a relatively new way of investing in real estate using blockchain technology. Blockchain is a decentralized digital ledger that allows for secure, transparent, and tamper-proof transactions. When applied to real estate investing, it can provide several benefits

Fractional Ownership: Blockchain technology can enable fractional ownership of real estate properties, which means that investors can buy and sell small portions of a property. This can make real estate investing more accessible to a wider range of investors.

Components of our success

Top Talent

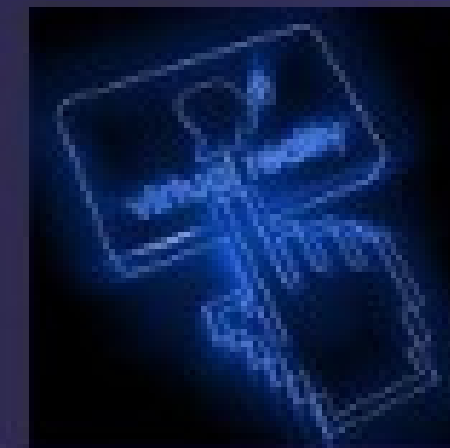

Martech Finance take extraordinary measures to have exceptional people in every seat. We ask whether each candidate will raise the average on the team before making an offer. We cast a wide net, to attract candidates from every background, focusing on both skill and culture alignment. We actively coach and develop. Unremarkable performance gets a generous severance package.

Customer Focus

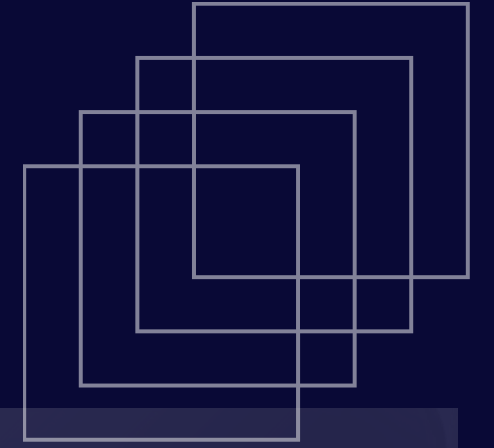

We are deeply focused on solving our customers' problems with technology, by enabling them to acquire, store, and use crypto. We strive to be the easiest-to-use, most trusted, and most secure platform. In every decision we make, we ask, "How does this create more value for our customers?"

Mission first

Our mission is ambitious and important. We don't engage in social or political activism that is unrelated to our mission while at work. We seek to make the workplace a refuge from division, so we can stay focused on making progress toward the mission.

Components of our success

Repeatable innovation

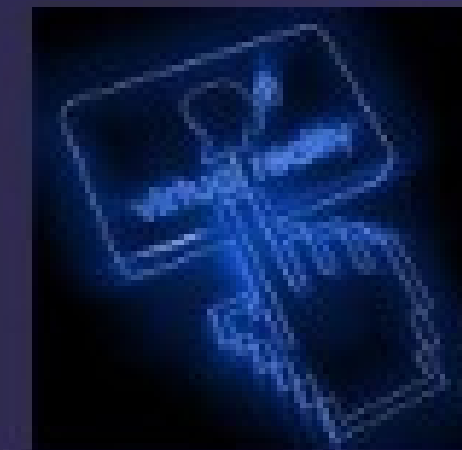

We are builders, leveraging technology to improve the world, constantly shipping ideas vs. just discussing them. We know that companies must continually reinvent themselves to avoid stagnation. We have a high tolerance for failure, investing 10% of our resources in venture bets that are uncomfortably ambitious.

24/7 Support

Martech Finance 'shightly skilled professionals are always ready to assist you whenever the need arises. Our clients can expect a personalized approach to resolving any issues related to our collaboration.

Positive energy

We are optimistic about the future and determined to get there. We co-create solutions instead of choosing blame and criticism. We create moments of play at work.

MARTECH FINANCE ROADMAP

Martech Finance began in 2012 with eight people in a single room who shared a determination to put clients' needs and interests first. Our founders believed they could manage assets in a way that was better for their clients – by utilizing their passion for understanding and managing risk. This is the way the firm continues to be managed today.

2015

In 2016, seeing the growing demand in crypto and real estate investments we launch Martech Finance Research, a subsidiary of Upchart Finance that provides institutional-grade research reports, data-driven insights, and analysis for investors in the crypto space.

2012

The development of the web investment platform was a strategic move for Martech Finance, as it recognized the growing demand for online investment services. The platform's launch was preceded by extensive research and testing, ensuring that the platform meets the needs of investors while providing them with a seamless investment experience.

2016

MARTECH FINANCE ROADMAP

We launched Martech Finance crypto miners shopping platform, a product or subsidiary of Martech Finance. We launched this sub-company in 2017 and since then it has been a leading provider of real estate properties, crypto-mining solutions, and hardware to customers across the globe.

2018

Martech Finance makes its Initial Public Offering on the New York Stock Exchange on October 1st, for \$14 a share. By the end of that year, the firm had \$165 billion in assets under management due to its strengthening relationships with global institutions.

2017

Recognizing the opportunity to bring transparency, scale, and innovation to risk management for the broader industry, Martech Finance begins to sell its proprietary technology, Aladdin. This technology, integral to who we are as a firm, is embedded in everything we do, thus differentiating us as an investment and risk manager.

2019

MARTECH FINANCE ROADMAP

2020

MARTECH FINANCE INSURANCE CERTIFICATE

Martech Finance insurance certificate is a financial instrument that provides protection to investors against losses resulting from declines in the value of a portfolio of stocks, bonds, or other financial assets. The certificate is designed to provide a hedge against market volatility and downside risk..

One of the advantages of the Martech Finance insurance certificate is that it allows investors to participate in the potential upside of a portfolio of financial assets, while also protecting them against the downside risk. This can be particularly useful for investors who are concerned about market volatility or who have a low tolerance for risk.
